THE GRAND SEDUCTION

The Grand Seduction tells the story of the residents in the fictional town of Tickle Head, Newfoundland. Since the fishing industry is no longer viable, the residents have been lining up to collect their monthly welfare cheques instead. In order to have a factory establish itself on the island, the town needs a resident doctor. One is sent to them for a month, and they do everything in their power to seduce him to stay. The references to sex, drugs and alcohol are quite mild in this lighthearted, fun, and very family-friendly film.
